Chapter III Methodology Self-Review Checklist

Project: Hacienda de LuisAna | Approved title: Property Management, Smart Lock (RFID + Mobile Key / ESP32) & Tracking System for Hacienda de LuisAna — Luisiana, Laguna, Philippines
Section / Group: Pending confirmation | Member: John Rey Carlo A. Gemao | Review date: October 31, 2026
Locators refer to the matching Chapter III PDF. Pending items are explicitly identified and are not marked as completed evidence.

CHECK ITEM	STATUS	CHAPTER III PDF LOCATOR / NOTE
All 11 headings appear in required order.	Reviewed	pp. 2, 5, 6, 8, 10, 13, 17, 20, 26, 29, 32
Research design fits objectives; SDLC phases have project-specific tasks, outputs and schedule.	Reviewed	pp. 2–4
Client, participants, eligibility and population source/date identified.	Reviewed — open action	pp. 5–6; verified counts pending client confirmation
Sampling/size justification fits design; computations, recruitment and nonresponse plan provided.	Reviewed — open action	pp. 5–6; final n pending
Every objective mapped to data, instrument, analysis and interpretation.	Reviewed	pp. 6–8, 13–16
Statistics, metrics, denominators and missing/N/A rules are correct.	Reviewed	pp. 6–8
Collection sequence, permissions, consent and data protection documented.	Reviewed — open action	pp. 8–10; permission/clearance pending
Complete FRs, NFRs, roles, business rules and acceptance criteria match approved scope.	Reviewed — open action	pp. 10–13; draft IDs must reconcile with approved Chapters I–II
Actual draft instruments and item-to-objective/evaluator blueprint included.	Reviewed	pp. 13–17
ISO edition, applicable dimensions, scale and validation plan/evidence consistent.	Reviewed — open action	pp. 13–17; review/pilot pending
Every FR maps to models, module/screen and test; N/A justified.	Reviewed	pp. 17–20
Relevant methodology, architecture/design and interface diagrams included.	Reviewed	pp. 2–4, 20–25
Prototype screens/data/workflows match models; simulated/unbuilt features labeled.	Reviewed	pp. 20–25, 29–31; physical lock not built
Test cases define expected outputs/thresholds; results distinguished from plans.	Reviewed — open action	pp. 26–28; target thresholds pending client approval
Implementation tasks have owners, dates, resources, acceptance and fallback.	Reviewed	pp. 32–33
Plans, instrument/prototype descriptions and actual test results show truthful status.	Reviewed	pp. 2–33; see explicit status notes
Earlier comments have correction record showing issue, page, action and versions.	Reviewed — open action	See correction record below; prior comments not present in repository
Chapter III evidence in sections; full compilation reserved for separate task.	Reviewed	Throughout pp. 2–33; no appendices included
t-test/ANOVA choice matches question/design or non-use justified.	Reviewed	pp. 6–8; inferential comparison not proposed
PDF and editable document describe same approved system and content.	Reviewed — open action	PDF pp. 1–34; Word file contains matching chapter content
Identification page has approved title, section/group, complete members and date.	Reviewed — open action	PDF p. 1; section, group and full roster remain pending confirmation
Margins, Arial narrative/headings and chapter title arrangement follow supplied format.	Reviewed — open action	Word layout uses Arial; PDF pp. 1–2 uses embedded DejaVu Sans as an Arial-like sans-serif substitute
Narrative indentation/spacing and heading placement checked.	Reviewed — open action	Word layout settings; PDF paragraphs use equivalent compact spacing

CHECK ITEM	STATUS	CHAPTER III PDF LOCATOR / NOTE
Table/figure labels, uppercase headers, captions and explanations are included.	Reviewed — open action	Tables/Figures across pp. 2–33; whole-page fit to be visually checked in Word before upload
APA-style references cited and listed; hanging indents included in editable file.	Reviewed — open action	PDF pp. 33–34; Word reference entries have 0.5-inch hanging indent
Required submission filename and folder match instructor designation.	Reviewed — open action	Current folder/filename use PENDING placeholders; rename when assigned group/section folder is known
Matching final PDF is generated; designated submission link/folder access confirmed.	Reviewed — open action	PDF generated; instructor folder/link access cannot be verified from repository

Correction and open-action record

ISSUE / SOURCE	LOCATOR	ACTION TAKEN	OPEN OWNER / DUE
Repository title source	PDF p. 1; Draft v1.0 (2026-10-31)	Used exact title in Gemao_JohnReyCarlo_quiz_answers.md; confirmed location as Luisiana, Laguna.	Cross-check official approval record; owner/adviser; before submission.
Role architecture	PDF pp. 2, 10–13, 17–25, 29–31; Draft v1.0	Corrected to Guest website + Admin Android app only; excluded deprecated Staff/Host and web Admin roles per current APP_PLAN/ADR-0007.	Reconfirm against approved activity package; adviser; before submission.
Physical device maturity	PDF pp. 10–13, 17–25, 26–33; Draft v1.0	Clearly marked ESP32/RFID/Mobile Key hardware as not connected/not implemented; current Smart Lock module is simulator/access-log view.	Keep status unless device integration is genuinely completed; researcher; ongoing.
Tracking privacy/scope	PDF pp. 10–17, 20–25, 29–31; Draft v1.0	Describe only consent-based temporary live location; no stored route/history; require expiry/stop checks.	Confirm title’s intended meaning and client approval; owner/adviser; before instrument approval.
Missing Chapter I–II, participants, group/section	PDF p. 1 and pp. 2–17; Draft v1.0	Marked objective labels/FR IDs and population counts as draft/pending; no unsupported sample sizes or validation claims.	Insert confirmed information from approved sources; owner/adviser; before final submission.

Group self-reviewer: John Rey Carlo A. Gemao (repository-identified candidate; group reviewer confirmation pending)
No instructor feedback or prior written correction sheet was present in the supplied repository; this is a source-based consistency correction log, not a claim of adviser review.
